

## The Dot Game

### Supplies:

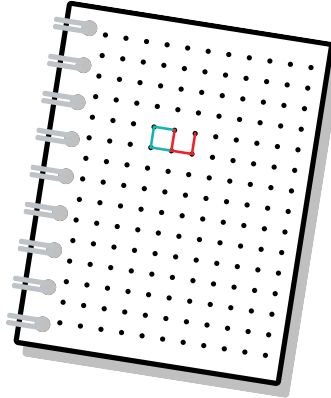

A dotted sheet of paper (see example)  
Two or more colored pens

### Players:

2 or more players

### Object:

The object of the dot game is to fill up the dotted page with more boxes than your opponent.

### Gameplay:

1. Each player selects their own colored pen.
2. Each player takes a turn drawing a line from one dot to the next dot with the intention of creating a four-sided box.
3. The player who completes the final side of the box claims it. We recommend using initials inside the box, or shading in the box entirely.
4. The player that completes a box is given another turn.
5. The game is finished when all boxes have been made.
6. The player with the most boxes wins.

Good luck!
